

Costa Rica Ultra Trail, La Transtica 2024, Aid report:

As part of La Transtica 24, continuing the actions undertaken since 2008, we have made donations of school kits (62 in total).

We also provided aid with basic necessities to a particularly poor community of Cafeteros.

Thanks:

We warmly thank Laetitia and Laurent Soriaux (BET Structures) as well as Claudie and Serge Galasso (Audiovideo) for the financial support provided without which these missions could not have been carried out.

Thanks also to Claire, Charly and Fabienne who brought stuffed animals and supplies in their luggage which helped improve our donations.

School Kits

Each school kit consists of a school bag, a pencil case, notebooks and pens as well as various school supplies.

The kits are purchased locally, so that they are adapted to the uses of local schools, these school kits were given to the students by the runners.

School Kits 2024		
Price Kit primary school		\$28
Price Kit infant school		\$17
La Esperanza Infant School	2	\$34

Food Aid: Community of Cafeteros

During the stage 1, we brought rice, sugar, oil and other basic foodstuffs to a particularly deprived community of Panamanian “cafeteros” families for a total value of 300 €
